

Alchemy and Creating Your Heaven on Earth

By Jim Self

Alchemy is not magic; however, it does produce very wonderful and magical results. When you are aligned, alchemy is the Universal Wisdom that nurtures creations into tangible reality. It is the Science of Spirituality. It is the dance that weaves the universal elements into conscious form. Alchemy is the ability to transform one possibility into another.

By first accepting and then understanding that all things are possible, you are then able to intentionally transform one possibility into another. By learning to simply change one vibrational thought, feeling or belief into another, you will begin to understand how to create and sustain Well-Being, Abundance and Joy, effortlessly. Difficult? No! Easy? Actually, much easier than you might think.

So what is Alchemy? It can be most simply defined as changing the frequency of thought, altering the harmonics of matter and applying the elements of Love to create a desired result. Let's start simply. For example, if you wish to have water to drink, it is useful to have a container to hold the water. Similarly, to hold the wisdom of Alchemy for your creations, you must also have a container. The aura is an electromagnetic field surrounding you, but it has lost its definition or structure. It is the water without a container. By changing your pattern of thought and re-structuring the harmonics of the aura to form one of the sacred geometric fields, (such as the Octahedron, Tetrahedron or Cube), the container is created. Depending upon your level of awareness, each of these ancient mathematical geometric shapes align with a unique, higher dimensional body of wisdom. The geometry becomes an antenna; the transmitter and receiver.

The aura without structure and focus is like a radio that cannot lock onto a station. By creating a specifically tuned transmitter and receiver you start to tune this Personal Energy Field to your own frequency. This allows you to tune out incoherent frequencies that constantly flow through you. These disruptive frequencies don't belong to you and have anything to do with your purpose. Many of these are mis-aligned with who you are but hold such strong magnetic charge that they actually blind your understanding of your purpose. Once this geometric container is in place, fascinating new opportunities become available. For example, by learning to increase the speed at which the geometric field spins, you begin to rise above life's dramas, noise and distraction. This creates an opportunity to realign your antenna to your purpose and maybe even become Happy, passionate and enthusiastic!

To take this to the next step, it is possible to increase the spin of the field to approaching the "Speed of Light". At this faster vibration, the range of reception and awareness expands, accessing many levels of higher dimensional consciousness. This is much like increasing the quality of your radio so you are able to tune into and enjoy a greater range of music. Sound difficult? It is NOT! Again, this is easier than you may think. It simply requires the intention and desire to Know yourself and the Source of your creation.

This Personal Power Field holds the wisdom of Alchemy. It holds all that is required to turn the lead of ignorance into the gold of personal awareness. By fine-tuning this geometric field, or antenna, you will eliminate the noisy, incoherent frequencies of events and people around you and begin to Know Yourself. This fine-tuned alignment provides a new, quiet focus. You begin to remember and rewire yourself in ways that have not been available for many life times, allowing you to receive, remember and re-experience the abundance and wisdom that you already know in the higher dimensions.

Here is where the magical results begin. From this new, higher faster perspective you will find that Time exists in a very different form. There is no past or future. There is only Now. In this Now, known as Simultaneous Time, all experiences exist at the same moment in the same place. In this simultaneous Now, all answers to any question are available to you before you have to act or respond to the question. Think about this! If you knew all the answers and what would happen in each situation before you had to act, then why would you ever choose an experience that was not enjoyable? With total choice, you would choose the possibility that most joyfully met your needs and then step into that choice, creating the reality you desire.

From this higher, faster, stabilized form of consciousness, you become aware that many of the concepts, beliefs and truths once held in this lower consciousness are no longer accurate or useful in the higher perspective. You now have the opportunity to make new choices. You can choose to play the game you have always played, or you can step up to a greater platform of certainty, seniority, personal power, happiness, command and grace. On this platform you will find that you have many more colors on your pallet to choose from. The pictures you paint with this pallet will be much more grand and alive. And by simply reconstructing a sentence or speaking with a different tone, you will create experiences with very different results. By changing the frequency of thought, altering the harmonics of matter and applying the elements of Love, you will create the results of your Dreams.

If this sounds like wishful thinking or fantasy, it is not. It is a simple doorway that has been hidden by the noise of the game; the push and shove, right and wrong, good and bad of the third dimension. It is a doorway that leads to merging with the Soul, walking with the Archangels, learning to create with the Great Rays of Creation and much, much more.

It is time to awaken and become who you are as a citizen of the Higher Dimensions. As the veils of ignorance and forgetfulness are being dissolved, many wonderful teachers, leaders and healers are awakening. And as YOU awaken, it will be your opportunity to awaken the others who are now stirring. Alchemy is your natural state of wisdom. Mastering alchemy is the means to create Heaven on Earth.
